HOMECOMING 1985

"Welcome To Magic Kingdom" was the theme selected by Student Senate for Homecoming 1985.

The celebration began on Tuesday in the Mount Union Theatre where the "Mr MUC" contest was held. The annual Fall Fashion Show, "Spirit Day" and the Homecoming Carnival were also part of the week long festivities.

The Mount Union Drama and Theatre department presented the classic American comedy "Harvey" Thursday, Friday and Saturday evenings, and an alumin tent featuring free balloons and suckers was open at 12:30 near the stadium to help provide a festive atmosphere.

Jennifer Hardy was crowned Homecoming queen during halftime of the Purple Raiders' football game with Otterbien. Also selected to the court were Laura Gligor, Caroline Engle, Diane Zimpleman, Robbie Henderson, Cindy Andaloro, Celena Holmes and Linda Majestic.

OUR Memories Will Last a Life Time . . .

WHAT IS MEMORY?

Suppose you could not remember. Can you imagine what it would be like to not be able to recall some of the most beautiful things you have ever seen? heard? read? encountered? thought? The gift of memory may well be your most prized and lasting possession. No person can take away your memories. You may "relish them", "cherish them", "share them" — but they are YOURS for a life time! What is the balance in your "Memory Bank" as you conclude your four years of under-graduate study at Mount Union? Is your account bulging with "Memories that will last a life time"?

What deposits have you been making to your memory account as you have lived out four years of your life here with other students, with professors, administrators, and with the host of other persons needed to make your life here comfortable and meaningful? What from all these human contacts is stored away in your memory system that you can draw on for a life time?

What vibrates in your memory when you
- —hear the Alma Mater?
- —hear a special song that had particular meaning for you and a "certain someone"?
- —hear the chatter of a crowd and recall the dining commons?
- —hear the word "test" and you remember your finals?
- —smell a special cologne or after-shave worn on a special occasion?
- —feel the cold of the snow on your face and remember the snow carnivals?
- —eat a late, late-early-breakfast and recall the pre-finals breakfast and all the excitement in the air?
- —hear your name called and you walk again across the stage at Timken to receive your long awaited diploma — and then all the emotions that poured forth afterward as you said goodbye to very dear and close friends?
- —smell that special pizza aroma filling the snack bar?
- —are popping corn and recall those long and involved talks with special persons?
- —learned that you had made the Dean's list?
- —see a beautiful sunset and remember walking by the lake thinking deep thoughts and perhaps sharing them with a best friend?
- —smell coffee brewing and think about all the cramming you did "the night before"?
- —hear a band and see Ken Wable being carried across the football field?
- —are reading and you hear one of your professors elaborating on "MacBeth", "Halley's Comet", "Time Management", "Piaget" and you are transported back to a classroom on campus and you remember the persons who sat on either side of you and you start wondering about them and what they are doing?
- —recall sharing with someone special what you wanted to do with your life and the kind of person you wanted to be when you got out on "your own"?
- —remember "someone" who helped you to become the person you could be?
- —remember those dreams you had for your life and the future when you became a senior?

WHAT IS MEMORY?

the marvelous ability to recall some of the most beautiful and meaningful things we have ever seen, heard, read, encountered, thought! Memories are priceless treasures! Memories of things precious keep the heart warm. Keep adding good memories to your account for they will bless and enrich you immeasureably for a LIFE TIME!

Thank God for the gift of memory

Dear Students and Colleagues:

"One's philosophy is not best expressed in words: It is expressed in the choices one makes — in the long run we shape our lives and we shape ourselves. The process never ends until we die. And the choices we make are ultimately our responsibility" — so stated Eleanor Roosevelt in her book YOU LEARN BY LIVING.

The good choices that one makes are the key to one's success. As you celebrate the baccalaureate degree that you have now earned, you are evidencing several of the good choices you have already made — to attend college, to obtain a liberal education at Mount Union, to obtain some specialization in a single field or area, and to make friendships that can be continued after graduation. Mount Union is a place, to be sure, but even more, it is a spirit for all to remember.

Your college experience is one of the special opportunities in American life so much taken for granted that it is often obscured in a haze of familiarity. However, the degree you have earned signifies many benefits — benefits which can provide a lifetime of memories. It means rigorous study and participation in rich extracurricular and social life. It means the tutelage of outstanding professors and access to excellent library, laboratory, dining, recreational, and social facilties. It means a time for one's broad emotional and moral development and the development of greater practical competence as citizens and as members of families and organizations. It means studies and extracurricular activities where you have nurtured the development of sound values, aesthetic sensibility, religious interest, human understanding, physical development, and fruitful leisure.

I trust that Mount Union College has fulfilled the promise made when you enrolled would do our best to help prepare you for success. If the College has succeeded in its promise, your memories for a lifetime can support your every endeavor. It is now the time for you to take up the further promises you have made to yourself, and I wish you the very best for success in all of your pursuits. I hope that all of you will return frequently to share your growth and happiness in life with your classmates and be renewed in the spirit of Mount Union College.

Best regards.

SPORTS

FOOTBALL

For the first time in Mount Union College history, Coach Wable's Purple Radiers finished the regular season 10-0, won the Ohio Athletic Conference Championship and received a bid to the NCAA Division III playoffs.

The 1985 season was capped by beating Wittenberg 38-15, Baldwin Wallace 14-3, and Muskingum 24-3.

Mount Union played Denison University in the first round of the Division III playoffs, and defeated the Big Red 35-3. The Raiders then went on to Rock-Island, III. to play Augustana College. Despite the 14-7 lead in the second half, Augustana took the win by a 21-14 count.

Senior captains Scott Woolf, Tony Tarantino, and John Heather led this years championship team. Quarterback Scott Woolf was named the Gragory Award winner as the OAC's most outstanding offensive back. Defensive tackle John C. Heather was named the OAC's most valuable lineman. In addition, other first team OAC choices included guard Doug Hoff, fullback Tony Tarantino and defensive end Roger Miller. Woolf and junior safety Vic Harris were chosen second team Little All-American by Associated Press. Coach Wable who was 123-95-2 and sixth on the OAC's all-time victory list, was named OAC and Kodak Region 3 Coach of The Year.

The 1985 Football Season surely will be a memorable one.

VOLLEYBALL

It was a tough year in terms of wins and losses, but great strikes were made in the Mount Union women's volleyball program under Coach Marty Draime. Mount Union hosted the Ohio Athletic Conference volleyball championship for the first time, and gave defending champion Ohio Northern the toughest battle of the tournament. Senior Robbie Henderson was chosen second team all OAC and first team Academic All-OAC.

A school record with 15 career shutouts and eight in one season was set by sophomore goalkeeper Paul Leshko. Leshko was also named first time All-OAC. Bruce Mackey and Steve Allaire were also named first team and senior Tomo Naka was picked second team. In addition, Mackey was picked second team All-America, the highest honor ever by a Mount Union soccer player.

SWIMMING

Mount Union men finished the season with a 6-2 record and placed fourth of eight teams in the Penn-Ohio Conference championships.

The Mount Union men's swim team was once again lead by junior Sean Malottke who added three more All-America citations at the NCAA Division III swimming and diving championships.

For the women, spite a 2-6 record, a number of individual and relay records fell during the 1985-86 season. Continued improvement in the program is expected, as the team loses only three seniors to graduation.

MEN'S BASKETBALL

The 1986 basketball team compiled a 7-18 record with more victories than it had had in the last two seasons combined.

Junior forward Tommy Wilson led the team in scoring with 392 points. Wilson was among the Ohio Athletic Conference leaders in scoring, rebounding, and assists and was picked to the second unit on the all-league team. Also, junior guard Rob Bishop was fourth in scoring average in the OAC at 17.8, even though he missed four games with a broken hand.

Coach Jim Dafler anxiously awaits next season as they try for a winning season.

Mount Union's season saw an 11-11 record and an upset of third place Muskingum in the first round of the OAC tournament.

The MUC women lose two seniors who were great assets to the team. Center Pam Harrold who scored 925 points in a three-year career, and point guard Barb Arney who holds the record for most assists in one game and in one season.

Junior Cindy Bash became only the second player in Mount Union women's basketball history to score 1,000 points. She was third in the OAC in scoring with an 18.2 average. Bash is also only 36 points away from being Mount Union's all time leading scorer in a career. Nancy Molnar (1980-1984) holds the record at 1059. Congratulations Cindy!

Next season should be full of many accomplishments, probably one of the best seasons in a long time.

MEN'S TRACK

Friends:

A shoulder to cry on,
An ear to bend,
Money to borrow,
Clothes to lend,
Friday night movies
Afternoon walks,
Being together,
Our private talks,
Mending our hearts,
Crying those tears,
Planning our futures,
Voicing our fears,
Our memories together
May they never end,
Always together,
Forever Friends.

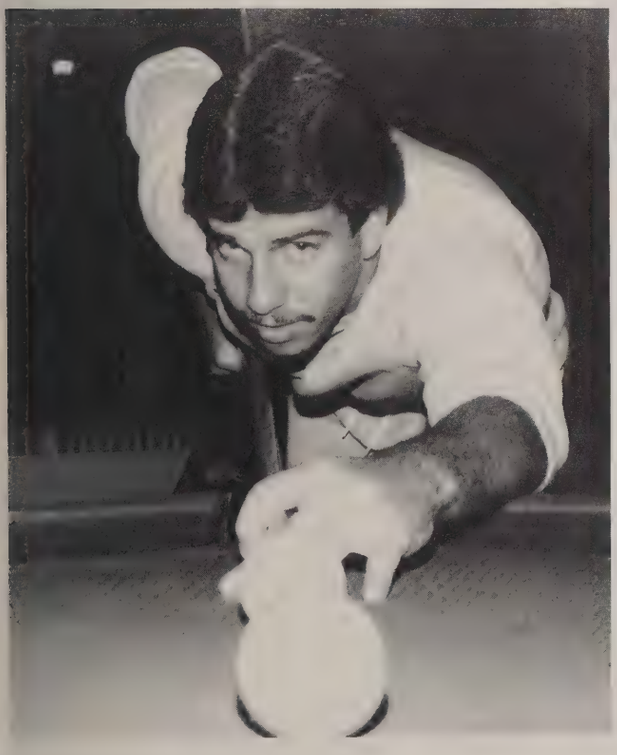
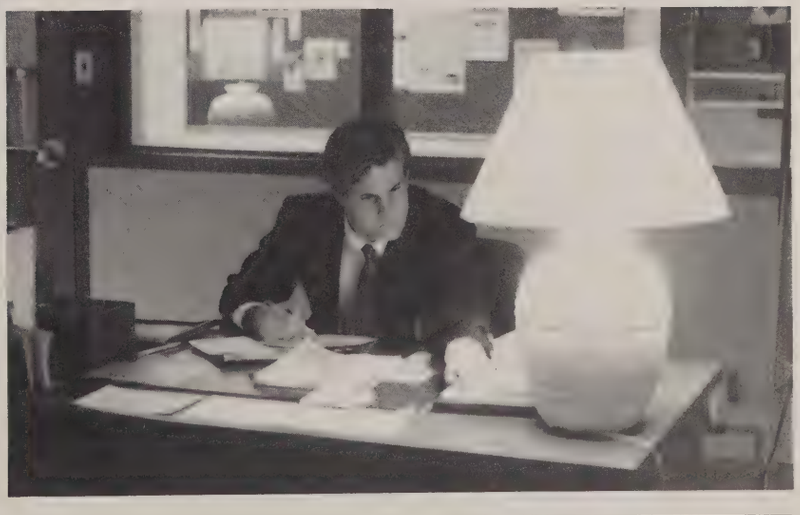
You've got to live life for yourself,
can't live for anyone else
You gotta live life, that's all you do
Nobody gonna live their life for you





When we go our own ways, we will remember these foundations that helped us to prepare for what lies ahead.

The place where we have grown up or come to live during some points in our lives.

A tug-of-war, a leaky bucket relay race, an egg toss, and a canoe race. If this list of activities is all greek to you, then you've probably figured out that these events will highlight this year's annual Greek Week. King to Men, East to Women:

...d like to address this ... to the food service management which prepares our meals.

On several days last week somebody thought that by displaying the dried crusty remains of previous meals, the students would stop wasting food. This is vulgar and unappetizing!!! This food has been paid for by us, and for this reason alone, we should not be subject to this treatment. What you are doing is very similar to what most pet owners do to their dogs when they leave unwanted deposits on the floor-they simply shove their nose in it-(I see several parallels here).

Wildnerness Trip A Plus

by Dorothy Miller

You cannot stay on the summit forever.
You have to come down again.
So why bother in the first place?
Just this: what is above knows what is below but what is below does not know what is above.
One climbs, one sees.
One descends, one sees no longer but one has seen.
There is an art of conducting oneself in the lower regions by the memory of what one saw higher up.
When one can no longer see, one can at least know. --Rene Daumal

Graduation Reflections

Look to this day
For it is life
the very life of life
In its brief course lie all
the realities and truths
of existence
the joy of growth
the splendor of action
the glory of power
For yesterday is but a memory,
And Tomorrow is only a vision.
But today well lived
Makes every yesterday a memory
of happiness
And every tomorrow a vision of hope.
Look well, therefore, to this day!

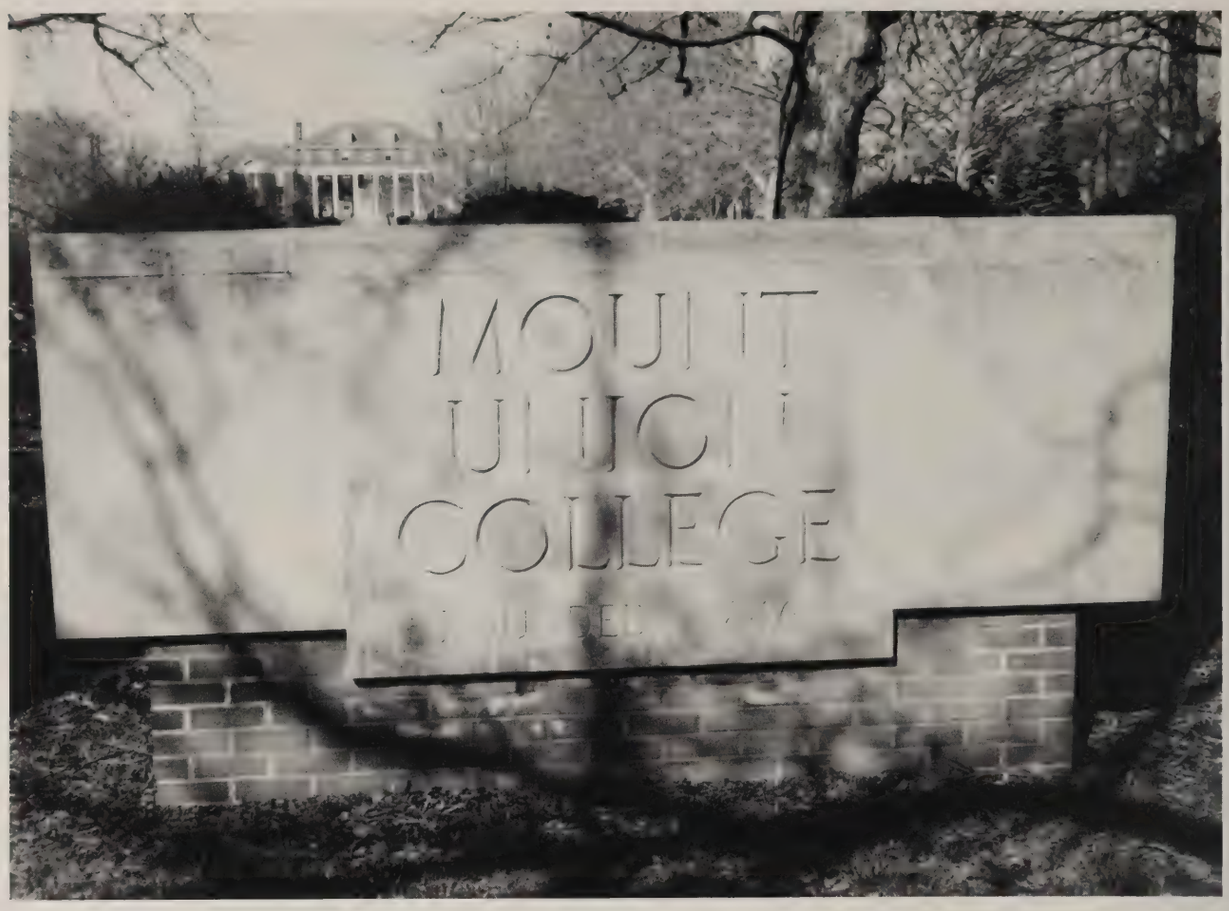
May the road
rise up to meet you
May the wind be always
at your back
May the sun shine warm
upon your face
And the rain fall soft
upon your fields
And until we meet again
May God hold you
in the palm of his hand

So before we end and then begin
We'll drink a toast to how it's been.
A few more hours to be complete . . .
A few more times that I can say
I've loved these days.

A Leaving Friend

As we live our lives
while we grow apart,
there remains one thing
embedded in my heart.
The love I have,
that seems so blind.
The memories that linger
inside my mind.
A glimpse of you
and of our past
are fading quick
and much too fast.

As we live our lives
the way we do.
What's to come of me,
and what's to come of you?
Will one be strong
and the other weak?
Will one be bold
and the other meek?
Who's to say
as we hold the rope,
our future resembles
a kaleidoscope
With images so clear,
a reflection to be seen.
Will we be happy,
if we fulfill our dream?
You say we are friends
and I believe it is true,
but most of all,
I believe in you.



We were friends
when we attended school together
Since then
we have followed different paths
living in different places
We grew apart
yet we grew together
Our years of sharing
and discussing
every thought, every idea
and every experience
led us to know each other
so very well
No new friend could ever
understand us as we
understand each other
Though we don't see each other
as often as we used to
our friendship still
grows stronger
everyday.

— Susan Polis Schutz

ADVERTISEMENTS

Class of 86,

Congratulations on the completion of your undergraduate education. This culmination of four years of educational effort and personal development is recognized by your elevation of status from student to alumnus of Mount Union College.

Commencement is a time to start your new endeavors; however, it should not mark the termination of your personal friendships and memories of MUC. You should continue to reap the benefits of these friendships. The Alumni Association works hard to provide ways for you to keep in touch with the College and friends. We encourage you to be an active participant of the Alumni Association. Don't let the experiences of these past four years fade as quickly as the time passed.

Best of luck and success as you start your careers.

WE WILL MISS YOU . . . DR. PAUL CHAPMAN AND GEORGIA SPRINKLE

Dr. Paul H. Chapman, professor and chairman of the English department retired at the conclusion of the 1985-86 academic year after 29 years at Mount Union College. Dr. Chapman has always been known by his students to be supportive, caring and incredibly understanding. His great wisdom, coupled with his kindness resulted in an outstanding professor. He truly will be missed.

Georgia Sprinkle, associate professor of education, also retired after 22 years on the College's faculty. Georgia Sprinkle has been responsible for developing many education courses at Mount Union, which have benefited many education majors. She has been the "force" behind teaching students to teach, and will also be missed at Mount Union.

It really is hard to say goodbye to a friend. Even though there were times I felt the Unonian would never shape up, it will be difficult to leave behind.

I will have fond memories of two very special staff members, Alyson Meeker, and Joel Carter. I would like to thank them for all their support and dedication throughout the past two years, and wish them great success with the 1987 Unonian. Also, I want to thank Mr. John Urian, our yearbook representative for his everlasting patience.

Lastly, I would like to thank all of you who gave us support, kindness, and patience with our human foibles. It was your words of encouragement that kept us going.

I hope these "memories" will help all of us cope with these days of transition, and will in fact, last a lifetime.
